

Sr.No.	Exchange	Module Name	TestCase Name	Test Description with Steps	Expected Result	Actual Result	Result (Pass/Fail/NA)	Reason for Non-Testing	Mantis Bug Id
	NSE-EQ,FO,Currency,BSE	BhavCopy	Before Bhav Copy	1.All bhav copy data is store on GOTO->Manager Folder->Profile folder->Bhavcopy.txt 2.Check all Broadcast settings in Manager->Tools-Connection Settings->NSE and no any userID is login to Exchange.No any Broadcast is on Manager	1.Previous day Bhavcopy.txt should be available into Manager Folder->Profile folder->Bhavcopy.txt 2. On Previous day Bhav copy is display on client before marketlogin and before broadcast on manager.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Before Manager Start	1.Before Manager Start change the Sytem Date is on Next day. All exchanges contract/security is on C: Drive And bhavcopy.txt in Manager Folder->Profile folder->Bhavcopy.txt 2.GreekMasterFiles folder is Shared on C: Drive. 3.Open the Manager Folder 4.Chack the all exe and dll size in Manager Folder 3.Place the Valid GETSManager.ser for license. Which is login to exchange 4.check the database.txt file 5.Check the TradingStyle.txt	all Contract/Security should be on C:\ and GreekMasterFiles folder should be shared. Put the Valid SER file and valid database into the Manager folder 2.Manager system Date should be changed and it should be display in Manger registry.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	To Start Manager required all files with including Manager.ser	1.With Valid SER file Start the Manager Application 2.All Exchnages contract/Security gets uploaded on manager. 3.All contract/security gets stored into Managers->C:\GreekMasterFiles 4.After uploading all exchanges contract/security, Manager all application is started as per Mention Exchanges,Userid in Manager.SER File.	Manager should be started as per mentioned Exchanges,userid in Manager.ser				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify the Bhav copy in Manger InMemory table name=Bhavcopy	1.GoTO->Manager->Open->GTTTable->Show table name "Bhavcopy"	All Exchanges bhavcopy data should be display in GTTable name "BhavCopy"				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Login CTCLClient and scrip on marketwatch	1.Login CTCLClient to Manager 2.Open Blank Market watch 3.Add NSE-EQ,NSE-FO,NSE-Currency,BSE Script into the Market watch.	All added scrip display on Market watch				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy data on F5 and Marketwatch for NSE-EQ	1.On NSE-EQ Scrip press F5,F6 on it 2.Selected scrip Last LTP,Open,Close,High,Low data is display	1.Selected scrip Last LTP,Open,Close,High,Low should be display on Marketwatch window and F5 window.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy data on F5 and Marketwatch for NSE-FO	1.On NSE-FO Scrip press F5,F6 on it 2.Selected scrip Last LTP,Open,Close,High,Low data is display	1.Selected scrip Last LTP,Open,Close,High,Low should be display on Marketwatch window and F5 window.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy data on F5 and Marketwatch for NSE-CD	1.On NSE-Currency Scrip press F5,F6 on it. 2.Selected scrip Last LTP,Open,Close,High,Low data is display	1.Selected scrip Last LTP,Open,Close,High,Low should be display on Marketwatch window and F5 window.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy data on F5 and Marketwatch for Bse	1. On BSE Scrip press F5,F6 on it. 2.Selected scrip Last LTP,Open,Close,High,Low data is display	1.Selected scrip Last LTP,Open,Close,High,Low should be display on Marketwatch window and F5 window.				
	NSE-EQ,FO,Currency,BSE	BhavCopy	CTCLClient	1.GoTO->Client->Open->GTTTable->Show table name "Bhavcopy" click on SHOW button.	All Exchanges bhavcopy data should be display in GTTable name "BhavCopy"				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy Menu ->view-Bhavcopy-EQ of client	1.Login CTCLClient to Manager 2.GOO->Menu-View->Bhavcopy->Equity 3.Place any or some Eq scrips on Market Watch. 4.NSE-EQ bhavcopy window is open	NSE-Equity bhavcopy window should display scrips added on Market watch window				
	NSE-EQ,FO,Currency,BSE	BhavCopy	Verify Bhavcopy Menu ->view-Bhavcopy->Derivates of Client	1.Login CTCLClient to Manager 2.GOO->Menu-View->Bhavcopy->Derivatives 3.Place any or some FO scrips on Market Watch. 4.NSE-EQ bhavcopy window is open	NSE-Derivative bhavcopy window should display scrips added on Market watch window
